

Super Bowl Square Pool

It will be 500 points per square for a total of 50,000 points. There will be winners for every score change, 1st 2nd and 3rd quarters and also final score. To win you must match the last digit of the scores of both teams to the corresponding square on the pool. *Example: Steelers 14 Cardinals 21 you would be looking for square for Steelers 4 Cardinals 1.*

SCORE CHANGE – 500 points

FIRST QUARTER – 2500 points

SECOND QUARTER – 5000 points

THIRD QUARTER – 2500 points

FINAL SCORE – Remaining points after score changes and quarters.

All Points will be distributed the week after the Super Bowl.

GOOD LUCK!
