

25 CLUB Rules

25 Square Pool. 25 Players for the season. Pick one square that is yours for the season. The remaining 75 squares stay blank. The Sunday night game is the one used for the club, unless there is not one scheduled. At that time the Monday night game will be the one used for the club that week. Numbers will be drawn on the preceding Monday night.

The 25 Club will be 2100 points for the season. The club is 21 weeks long, 18 weeks regular season and 3 weeks of playoffs. Each week, 20 points per player will be put towards the Super Bowl Pool. The remaining 80 points will be used for the weekly distribution or carried over to the next week if no one wins that week.

FIRST QUARTER – 100 points

SECOND QUARTER – 200 points

THIRD QUARTER – 100 points

FOURTH QUARTER – 1600 points

If a square comes up that is blank the points are carried over to the next week for the same quarter. i.e. (week one first quarter is blank the 100 points are carried over to week two first quarter.) All blank squares are carried this way until the Super Bowl. On Super Bowl Sunday. If a blank square comes up for the 1st quarter, 2nd quarter, 3rd quarter and the final score of the Super Bowl then the closest square vertical and or horizontal wins the points. If there is a tie then points will be equally divided to the winners.
